Highlife® Collection

Hot Spring® Spas manufactures one of the world's most innovative and energy-efficient hot tubs. For more than 40 years we have designed and built spas with unique massage, easy-to-use water care systems, and features that keep operating costs low. Our decades of experience and unparalleled customer care give you The Absolute Best Hot Tub Ownership Experience™.

Introducing, the Highlife Collection. The pinnacle of design, engineering and luxury from Hot Spring Spas.

Highlife® Collection

1. Unique Massage

One-of-a-kind Moto-Massage™ DX moving jets provide two powerful water streams that sweep up and down your back

2. 100% Water Filtration

Exclusive no-bypass filtration system and dishwasher-safe Tri-X™ filters help keep water crystal clear

3. Easy Water Care

FreshWater™ Salt System ready for our best spa water possible with less effort

4. Energy Saving

Full-foam insulation and Energy Smart™ system for Super Energy Efficiency

5. Easy Operation

Wireless remote control operates spa functions from anywhere in the spa and up to 9 metres away

6. Built for Years of Use

Polymer support structure and base pan are wood-free for durability and long life
